Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Early Learning Coalition of the Big Bend Region, Inc. as of June 30, 2016, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. (1) **Summary of Significant Accounting Policies:**

The following is a summary of the more significant accounting policies and practices of Early Learning Coalition of the Big Bend Region, Inc. (the “Coalition”) which affect significant elements of the accompanying financial statements:

(a) **Coalition and Purpose**— Early Learning Coalition of the Big Bend Region, Inc. ("the Coalition") was established to prepare preschool children to enter kindergarten ready to learn, as measured by criteria established by the state of Florida. Under Florida Statute, Section 1002.83, the Coalition is required to develop and implement a plan for comprehensive, accessible, affordable, and high quality early education and child care services for children, birth to age five, in Leon, Gadsden, Jefferson, Liberty, Madison, Taylor, and Wakulla counties in the state of Florida. The Coalition is primarily supported by grants from the state of Florida passed through from the U.S. Department of Health and Human Services.

During the fiscal year ended June 30, 2016, the Coalition operated the following programs:

*School Readiness and Related Child Care Services:* This program provides financial assistance for child care costs to families who meet the qualifying guidelines in order to assist children to become better prepared for the education experience or to provide child care services for economically disadvantaged children or children requiring specific assistance as determined by the state of Florida.

*Voluntary Pre-kindergarten Services (VPK):* The VPK program is designed to promote in a classroom environment the development of each four-year-old child's physical, social, and emotional maturation. The program outcomes should result in children better prepared to be successful in the formal education process.

*Other Child Care Research and Support Programs:* These program services include: Leon County child care tuition assistance program, family literacy programs for low-income families, and technical assistance programs to low performing providers.

*Project Funding Pilot Program:* In 2014, the Florida Legislature approved a special pilot project to determine if specific training approaches improve how well children perform in school readiness programs. The project gives eligible, selected child care providers and their instructors an opportunity to earn additional compensation is improving school readiness program outcomes. Each provider that is selected is assigned to a group offering specific professional development. To be eligible to participate, at least 30 percent of a provider's birth-5 enrollments must be children in the School Readiness Program.

The Coalition is governed by its twenty-five member Board of Directors, of which nine are appointed under criteria established in Florida Statutes, Section 1002.83.
(1) **Summary of Significant Accounting Policies: (Continued)**

(b) **Property and Equipment**—Property and equipment acquired by the Coalition are considered to be owned by the Coalition. However, funding sources may maintain an equitable interest in the property purchased with grant monies as well as the right to determine the use of any proceeds from the sale of these assets. The Federal government has a reversionary interest in those assets purchased with its funds which have a cost of $5,000 or more and an estimated useful life of at least one year. The State of Florida has a reversionary interest in those assets purchased with its funds which have a cost of $1,000 or more and an estimated useful life of at least one year.

Property and equipment with a value greater than $1,000 and an estimated useful life of at least one year are recorded at cost when purchased or at estimated fair value when contributed. Depreciation is computed using the straight-line method over the estimated useful life of the assets, ranging from five to thirty-nine years. Repairs and maintenance, which are not considered improvements and do not extend the useful life of the property and equipment, are expensed as incurred.

(c) **Income Taxes**—The Coalition is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the accompanying financial statements. The Coalition files income tax returns in the U.S. Federal jurisdiction. The Coalition’s income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

The Coalition has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements.

(d) **Cash and Cash Equivalents**—For the purpose of reporting cash flows, cash and cash equivalents include cash on hand, amounts in demand deposits and short-term investments with original maturities of 90 days or less. Deposits with financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor. Bank deposits at times may exceed federally insured limits. The Coalition has not experienced any losses in such accounts.

The Coalition has entered into a zero balance account (ZBA) agreement with the financial institution in which funds are maintained in an interest bearing account and are transferred into the demand deposit accounts as needed. Interest earned on the funds in the ZBA account was 0.30% at June 30, 2016.

(e) **Use of Estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
Summary of Significant Accounting Policies: (Continued)

(f) Basis of Accounting—The financial statements have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

(g) Basis of Presentation—The Coalition is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

(h) Contributions—All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Coalition reports the support as unrestricted.

(i) Functional Allocation of Expenses—The costs of providing the various services and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

(j) Accrued Leave—The Coalition compensates its eligible employees for unused vacation leave upon termination of employment. Vacation leave is accrued as earned by eligible employees and recorded as an expense in the period earned.

(k) Advertising—Advertising costs are charged to operations as incurred. For the year ending June 30, 2016, $18,237 was incurred.

(l) Grants and Contracts Receivable—Grants and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management’s assessment of the history with grantors and contractors having outstanding balances and current relationships with them. An allowance for uncollectible grant receivables has not been recorded as all amounts are deemed by management to be collectible.

(m) Deferred Revenue—The Coalition records grant/contract receipts as deferred revenue until it is expended for the purpose of the grant/contract, at which time it is recognized as revenue. The balance in deferred revenue at June 30, 2016 represents amounts received under contracts that will be expended in the next fiscal year in accordance with the grant/contract period.

(n) Revenue Recognition—The Coalition receives all of its grant and contract revenue from Federal, State and local agencies. The Coalition recognizes grant/contract revenue (up to the contract ceiling) from its grants/contracts over a period which represents the service period for certain grants/contracts, or to the extent of expenses. Revenue recognition depends on the grant/contract.
(2) Significant Funding Sources:

The Coalition receives a substantial amount of its funding from the U.S. Department of Health and Human Services Administration and the Florida Department of Education Office of Early Learning. A significant reduction in the level of this funding, if this were to occur, could have an adverse effect on the Coalition’s programs and activities.

(3) Concentrations of Credit Risk:

The more significant concentrations of credit risk are as follows:

(a) Demand and Time Deposits—The Coalition maintains demand deposits with one bank. The Coalition has no policy requiring collateral, although all demand and time deposits with the bank are Federally insured up to FDIC limits.

(b) Grants and Contracts Receivable—The Coalition’s grants and contracts receivable are for amounts due under grants/contracts with the State of Florida and Federal government agencies. The Coalition has no policy requiring collateral or other security to support its grants and contracts receivable.

(4) Retirement Plan:

The Coalition participates in a voluntary deferred profit sharing plan 401(k) for its employees. Employees are eligible for participation in the plan three months following their date of employment. Employees become eligible for employer contributions to the plan after one year (designated in the plan as 800 hours) of employment. Contributions by the Coalition to the plan are based on a percentage of employee salaries and vest 100% to employees after two years of plan participation. During the year ended June 30, 2016 expenses under this plan were $91,638.

(5) Property and Equipment:

The following is a summary of property and equipment at June 30, 2016:

<tr>

</tbody>
</table>

(6) **Operating Leases:**

The Coalition has entered into various operating leases for office space and equipment. The following is a schedule of future minimum lease payments required under these lease agreements:

<tr>

<tr>

</tr>
</tbody>

(7) **Matching Requirements:**

The Coalition's funding grant from the state of Florida includes a provision requiring a local match for the direct child care service program operated in its seven county regions. Except for Leon County, Florida, the Coalition can request annual waivers of the match requirement for the remaining six rural counties served that demonstrate significant hardship in meeting the match requirement.

(8) **Donated Facilities, Materials, and Professional Services:**

Donated facilities, equipment, consulting, and other non-cash donations are recorded at either estimated rental values or fair value at the date of donation. In the absence of donor-imposed stipulations regarding how long the contributed assets must be used, the Coalition has adopted a policy of not implying a time restriction on contributions of such assets. Such donations amounted to $203,202 for the year ended June 30, 2016.

(9) **Donated Non-Professional Services:**

Many individuals volunteer their time and perform a variety of tasks that assist the Coalition with specific child care service programs. The Coalition tracks their time and then estimates the value of these donated services, which are not reflected in the financial statements, as they do not meet the recognition criteria pursuant to professional standards.

The Coalition has estimated that dedicated volunteers have donated hours of child care services. Management has estimated these donated services to be a costs savings of approximately $15,000.
(10) **Contingencies:**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government and the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Coalition expects such amounts, if any, to be immaterial.

(11) **Unconditional Promises to Give:**

The Organization had unconditional promises to give representing the following at June 30, 2016:

<table>
<thead>
<tr>
<th>Organization</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>United Way</td>
<td>$37,577</td>
</tr>
</tbody>
</table>

(12) **Related Party Transactions:**

The Coalition has certain board members who are also providers of VPK and SR services. For the year ended June 30, 2016, the Organization paid these vendors $868,033. All payments were in the normal course of business. At June 30, 2016 $90,654 was due to related parties.

(13) **Recently issued accounting pronouncements:**

The Financial Accounting Standards Board (FASB) issued new or modifications to, or interpretations of, existing accounting guidance during the year ended June 30, 2016. The Organization has considered the new pronouncements that altered accounting principles generally accepted in the United States of America, and other than as disclosed in the notes to the financial statements below, does not believe that any other new or modified principles will have a material impact on the Organization’s reported financial position or operations in the near term.

In May 2014, the FASB issued Accounting Standards Update 2014-09: Revenue from Contracts with Customers, to clarify the principles used to recognize revenue for all entities. The new standard (as amended) is effective for fiscal years beginning after December 15, 2018 and may be adopted early. The Organization is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

In February 2016, the FASB issued Accounting Standards Update 2016-02: Leases (Topic 842), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements. The new standard is effective for fiscal years beginning after December 15, 2019 and may be adopted early. The Organization is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.
(13) **Recently issued accounting pronouncements**: (Continued)

In August 2016, the FASB issued Accounting Standards Update 2016-14: Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities, to make improvements to the information provided in financial statements and accompanying notes of not-for-profit entities, including net asset classification requirements and the information presented about an entity’s liquidity, financial performance, and cash flows. The new standard is effective for fiscal years beginning after December 15, 2017 and may be adopted early. The Organization is currently evaluating the effect that implementation of the new standard will have on its financial position, results of operations, and cash flows.

(14) **Temporarily Restricted Net Assets**: 

At June 30, 2016, temporarily restricted net assets include $37,577 of an unconditional promise to give receivable.

(15) **Subsequent Events**: 

The Coalition has evaluated events and transactions for potential recognition or disclosure in the financial statements through March 27, 2017, the date which the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) includes the Federal awards and State financial assistance activity of Early Learning Coalition of the Big Bend, Inc. under programs of the federal and state government for the year ended June 30, 2016 in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.650, Rules of the State of Florida, Office of the Auditor General. Because the Schedule presents only a selected portion of the operations of Early Learning Coalition of the Big Bend, Inc. it is not intended to and does not present the financial position, changes in net assets, or cash flows of Early Learning Coalition of the Big Bend, Inc.

Note 2. Summary of Significant Accounting Policies

Early Learning Coalition of the Big Bend, Inc. has elected not to use the 10 percent de minimis indirect cost rate as allowed under Uniform Guidance.
INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors,
Early Learning Coalition of the Big Bend Region, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of Early Learning Coalition of the Big Bend Region, Inc. (the “Coalition”), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 27, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Coalition’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Coalition’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Coalition’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Coalition’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Coalition’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Coalition’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND MAJOR STATE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE AND CHAPTER 10.650, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Board of Directors,
Early Learning Coalition of the Big Bend Region, Inc.:

Report on Compliance for Each Major Federal Program and State Projects

We have audited Early Learning Coalition of the Big Bend Region, Inc.’s compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of Early Learning Coalition of the Big Bend Region, Inc.’s major federal programs and major state projects for the year ended June 30, 2016. Early Learning Coalition of the Big Bend Region, Inc.’s major federal programs and major state projects are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its Federal programs and State Projects.

Auditors’ Responsibility

Our responsibility is to express an opinion on compliance for each of Early Learning Coalition of the Big Bend Region, Inc.’s major federal programs and major state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.650, Rules of the State of Florida, Office of the Auditor General. Those standards and the Uniform Guidance, and Chapter 10.650, Rules of the State Florida, Office of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or major state project occurred. An audit includes examining, on a test basis, evidence about Early Learning Coalition of the Big Bend Region, Inc.’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.
We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program and major state project. However, our audit does not provide a legal determination of the Coalition’s compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the Coalition complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs and major state project for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of Early Learning Coalition of the Big Bend Region, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Early Learning Coalition of the Big Bend Region, Inc.’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance, and Chapter 10.650, Rules of the State of Florida, Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Early Learning Coalition of the Big Bend Region, Inc.’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2016-001 that we consider to be a significant deficiency.
Other Matters

Early Learning Coalition of the Big Bend Region, Inc.’s responses to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Early Learning Coalition of the Big Bend Region, Inc.’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.650, Rules of the State of Florida Office of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Finding 2016-001:

Federal Program: Child Care and Development Block Grant (93.575) and Child Care Mandatory and Matching Funds of the Child Care and Development Fund (93.596)

Criteria: The Florida School Readiness Program offers financial assistance to low income families for early education. Condition: In a sample of forty participants, four were listed with incorrect eligibility determinations.

Cause: Internal controls over eligibility determination were inadequate to insure correctness of parents’ copayment for program participants.

Effect: Even though participants were not disqualified from this funding source, lack of proper internal controls over copayment determination could lead to improper grant expenditures occurring.

March 27, 2017

Board of Directors,
Early Learning Coalition of the Big Bend Region, Inc.

We have audited the financial statements of Early Learning Coalition of the Big Bend Region, Inc. (the “Organization”) as of and for the year ended June 30, 2016, and have issued our report thereon dated March 27, 2017. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Consolidated Financial Statement Audit

As communicated in our engagement letter dated August 7, 2015, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Organization solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm has complied with all relevant ethical requirements regarding independence.
Qualitative Aspects of the Entity’s Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Organization is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during year ended June 30, 2016. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management’s current judgments.

The most sensitive accounting estimates affecting the financial statements are:

- Management’s estimate of the depreciation expense is based on the underlying assets depreciation calculated using the straight-line method over the assets’ useful lives. We evaluated the key factors and assumptions used to develop the estimate of depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

- Management’s estimate of donated supplies, rent and professional services is based on the fair value of the contribution at the time of the donation. We evaluated the key factors and assumptions used to develop the donated supplies, rent and professional service revenue and expense in determining that it is reasonable in relation to the financial statements taken as a whole.

- Management’s estimate of functional expense allocation is based on the costs of providing the various programs and other activities. We evaluated the key factors and assumptions used to develop the functional expense allocation in determining that it is reasonable in relation to the financial statements taken as a whole.

Significant Difficulties Encountered during the Audit

We encountered no difficulties in dealing with management relating to the performance of the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Organization’s financial statements or the auditor’s report. No such disagreements arose during the course of the audit.
Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated March 27, 2017.

Management’s Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues
